ADVANTAGE OF FOAM

Contact time maximizes chemistry's effectiveness

Visual marker for equipment operator

Expansion rates reduce water and chemical usage

Reduced labor costs

Wall Foam Unit

900-WC

SPECIFICATIONS

5-10 cfm at 40-80 psi

50 feet of foam hose

Up to 25 ft. of foam distance

30 gallons of foam per minute

This wall mount unit eliminates the possibility of water pressure variations by regulating the incoming water pressure and boosting it to the desired water pressure level. Consistent water pressure allows the system to produce an accurate chemical dilution level at all times to ensure foam consistency.
